

# The Croolic Garden

by Piotr Cwiklinski

# *The Croolic Garden*

*Flowers by its colors shapes smell inspire astonish and stop people to take moment in time to just focus on its beauty. Flower true out history were inspirations for painters, photographers, lovers and all people who find emotions in nature. Flowers are reminders for us that we are part of nature and its program. We love their colors we love their look. Flowers bring joy and aliveness where ever they are. Even killed | cut flowers bring joy wherever they stand, nothing else will work this way. Flowers.*
